2017 GOLF OUTING BENEFICIARY

Transforming 2North into a Neighborhood - A Two-Year Journey

Home. Who doesn't love to be home? At the end of the day, it's a respite, a place to make your mark. Every decision – large or small – is yours. So, what happens when you need someone to help you to complete your daily tasks? What if you need the kind of care that Inglis House provides? Would that mean you give up the feeling of being at home? Thanks to Person-Centered Care (PCC) at Inglis, residents can truly be "at home."

Like other long-term care facilities in the early 20th Century, Inglis House's design was based on the popular hospital model – one structured to ensure the efficient delivery of daily care and treatments. Now, Inglis is committed to replacing the institutional model with a PCC neighborhood structure, based on mutual partnership and collaboration between resident and caregiver.

(top) 2North Neighborhood Residents gather to say "Thank You"
(bottom) Renovated 2North Neighborhood Solarium

Thanks to the 2016 and 2017 Golf Outings, we will be able to fund the physical transformation of 2North into our next PCC neighborhood. Color will capture the eyes in resident rooms, the hallway, and solarium. Our existing light-filled solariums will become a welcoming central gathering space and new cooktops and other appliances will bring the planning and preparing of meals into the neighborhood, making it a shared activity that builds relationships. A pantry will be stocked with residents' favorites – just like home. Resident rooms will also be outfitted with new durable furniture, and the elevator lobby will be refreshed and rejuvenated with artwork that reflects the spirit of the individuals who live just beyond the entryway. All decisions about the design and utilization of this space will be made by the people who live there, just like any other home.

Thanks to your support, the 2North Neighborhood – home to 41 Inglis House residents – will become the warm, inviting and peaceful space it should be. Thank you!
