

About Us

Inglis Foundation is the non-profit parent corporation of several entities that provide long-term care and community-based programs and services to people with physical disabilities.

Our Mission

Inglis Foundation works with people with physical disabilities to create and provide practical solutions so they may pursue their life goals.

How We Achieve Our Mission

Skilled Nursing Care

Inglis House

Founded in Philadelphia in 1877, Inglis House is a skilled nursing care facility for 297 younger adults with physical disabilities. Services at include long-term, rehabilitative medical and nursing care; physical, occupational and speech therapies; and social enrichment programs including computer and education therapy, vocational rehabilitation, therapeutic recreation and religious programs. All Inglis House programs are designed to maximize the independence of people with physical disabilities. Inglis staff is skilled at working with people who have multiple sclerosis, cerebral palsy, spinal cord injury and other neurological disorders and disabilities.

Community-Based Services

Inglis Housing Corporation

With 30 years of experience developing affordable, wheelchair accessible housing in the greater Delaware Valley, Inglis Housing Corporation (IHC) is committed to meeting the needs of people with physical disabilities. All IHC apartments exceed accessibility guidelines outlined in the Americans with Disabilities Act.

Inglis Adult Day Program

The Inglis Adult Day Program keeps people with physical disabilities active and independent. The program provides social, educational, therapeutic and wellness activities up to five days a week.

Inglis Care Management

Inglis Care Management helps consumers with physical disabilities have a better understanding how to use the healthcare system to find and receive the necessary care and services. Care Management can help clients arrange and coordinate their own medical care and funding sources, attendant care, transportation and many other services. Care Management now offers **Supports Coordination** – assessing the need for support and service coordination for Medicaid Home and Community-Based Waiver programs.

Inglis Community Employment

Inglis Community Employment Services (ICES) helps people with physical disabilities find training and job opportunities such as customer service, telephone receptionist, data entry and website maintenance. ICES works with established employers in the Philadelphia area and helps with on-the-job training, job placement and technical support.

Inglis Drink-Aide®

The residents and staff of Inglis House invented and patented the Drink-Aide® water bottle so people with physical disabilities can drink fluids hands-free and independently. Drink-Aide® consists of an insulated water bottle, a vibration resistant tube and universal clamp for easy mounting to a wheelchair or bed. Drink-Aide®, is assembled, marketed and distributed by Inglis House residents.

Inglis At Home Services

Inglis At Home Services provides the competent and reliable home health care that is a necessity for maintaining an independent lifestyle. IAHS caregivers are certified nursing assistants who can help with bathing, eating, transferring to bed or wheelchair, shopping and light housekeeping. They are available every day, seven days a week, including overnight, weekends and holidays.

Inglis Durable Medical Equipment Company

Since 1998, people with physical disabilities have turned to Inglis Durable Medical Equipment Company (IDME) for the right wheelchair and cushion to keep them comfortable, active and healthy. IDME also provides equipment maintenance and repair.
