

Opening Doors TOGETHER 2026

INGLIS STATEWIDE HOUSING CONFERENCE

Sponsorship Opportunities

Overview

Inglis Self-Determination Housing of Pennsylvania (SDHP) believes that accessible housing is a human right for everyone, and that all individuals with disabilities should have access to safe, affordable, and accessible housing.

JOIN US alongside thought leaders from across Pennsylvania, as we share some of the latest innovations in service delivery; creative alternative support solutions and assistive technologies; and updates on advocacy opportunities and the policy shifts impacting housing access in the disability and aging adult communities.

The conference aims to further Inglis' mission of supporting people with disabilities and older adults and enabling those that care for them. **By bringing together legislators, providers, and advocates to share knowledge and foster meaningful dialogue we continue to bridge the information gap and advance accessible, inclusive housing for all.**

This year's conference includes two days of workshops, keynote plenaries, and access to recordings of all workshops after the close of the conference.
